

Decora Smart® Anywhere Dimmer Companion

(Works with Wi-Fi 2nd Gen)

Companion with a Decora Smart D23LP Mini Plug-In Dimmer to add ON/OFF and DIM/BRIGHT control of floor lamps to any indoor wall surface (see diagram on page 2).

Once installed, the Anywhere Dimmer Companion visually matches your other Decora Smart Wi-Fi dimmers and features familiar ON/OFF and DIM/BRIGHT controls. Press the top of the rocker switch to turn ON, press the bottom of the rocker switch to turn OFF. You can also double press the top to turn ON at max brightness. On the right-hand side you will find a DIM/BRIGHT bar which allows for easy light level adjustment in the room.

APPLICATION

The Decora Smart® Anywhere Dimmer Companion pairs wirelessly with your Decora Smart Wi-Fi® 2nd Generation Dimmer (D26HD) or Mini Plug-In Dimmer (D23LP) to provide additional lighting control wherever you need it most such as at the base of a staircase, the end of a hallway or open areas with multiple entrances like a large kitchen or family room. Mount it directly on the wall surface or at an existing single or multi-gang wallbox — no wiring is required.

The Decora Smart Anywhere Dimmer Companion is the perfect solution for locations where wiring or a wallbox with a traveler wire may not be present. For added convenience, you can even control the Decora Smart Wi-Fi 2nd Gen Mini Plug-In Dimmer to add a wall mounted dimmer for your connected plug-in lamps.

It is easy to pair the Anywhere Dimmer Companion with a Decora Smart D26HD Dimmer for additional ON/OFF and DIM/BRIGHT control, such as at the base of a staircase (see diagram on page 2), or to pair the Anywhere Dimmer

FEATURES AND BENEFITS

- Place it anywhere you need additional lighting control to create 3-way/multi-way solutions with no wiring required
- Mounts directly to your wall surface or installs at an existing wallbox (single and multi-gang) where a traveler wire may not be present
- Slim profile, and because it's Decora®, it matches your in-wall Decora devices for a seamless look
- No Wi-Fi or app required for setup or operation
- 50-ft wireless RF range between the Anywhere Companion and the primary Wi-Fi 2nd Gen device
- Use with Leviton Decora standard or Decora Plus™ screwless wallplates (single and multi-gang)
- Replaceable CR2025 batteries included, with estimated 5 year battery life (results may vary)
- Easy battery replacement – no need to remove the device from the wall or wallbox
- Pair up to three Anywhere Companions with a Decora Smart Wi-Fi 2nd Gen device

Anywhere Dimmer Companion (Works with Wi-Fi 2nd Gen)
